*Above Center: Milling Pavement Edges*

*Above Right: Paving Southview Dr*

### What is scheduled for next week?

- Mill and pave 4<sup>th</sup> St from General Sieben Dr to Pleasant Dr.
- Apply traffic markings approximately 1 week after paving.
- Install compost seed.
- Project clean-up.

Please expect hit or miss minor traffic delays during milling and paving. Please be mindful to keep speeds down while driving through the project. If possible, please use alternate routes to minimize disruption to the work. The City understands this is an inconvenience and appreciates your cooperation and patience as we improve the quality of these roads for you! Milling and paving on 4<sup>th</sup> Street is scheduled towards the middle/end of the week. Please watch for "No Parking" signs for better clarification on which day the milling and paving will occur.

The City respectfully asks residents to help keep their newly applied compost seed watered to increase the success rate during the hot summer months. Please know that a second application of compost seed will be applied to areas of need in September when the air temperature cools down a bit.

**Who do I contact with questions or for assistance?** Project management services are being provided by the City's Engineering Department. The department can be reached at **(651) 480-2334** with project questions and concerns.

**Spread the Word & Encourage E-Updates!** Please make sure to share this information with your neighbors and tenants, and encourage them to sign up for electronic updates if they have not yet done so!

- **E-Notifications** - Sign up for email updates on our website at [www.hastingsmn.gov](http://www.hastingsmn.gov). Click on the *E-notifications* button at the bottom of the page, and sign up for "2021 Mill and Overlay Program".
- **NIXLE Text Messages** – this is a great way to have the information in the palm of your hand! You'll receive a weekly text message from us with a direct web link to the current construction update. Text 2021MILL to 888-777 to enroll. Reply STOP at any point to opt out.
